## Gain Skills to Provide Positive Care

*Interactive workshops designed to help solve challenging situations when approaching someone living with dementia.*

Have staff or a group interested in learning more about solving challenging situations?

The Dementia Care Solutions Consultant offers interactive workshops for staff, care partners and the general public and can be tailored to meet your needs in content and length. Caring for a person with dementia is a unique skill and it takes time to develop competency.

***A workshop is a great first step in that journey.***
