## Our Aging Brain: What is Typical? When to be Concerned?

Thursday, September 7, 2023 from 10 - 11am

What is normal and when should we be concerned? If thinking and memory problems arise, can it be something reversible? YES!

Find out more about the causes of these symptoms, what you can do to improve them, and how to know if it's something more serious.

## The Changing Relationship When Dementia is in the Picture

Thursday, September 21, 2023 from 10 - 11am

Relationships inevitably change as dementia progresses. This can be devastating and challenging as you roll through the stages of grief.

Let's talk about the changing relationship, what is normal, and what can be better.

## The Language of Dementia & Finding Success

Thursday, September 28, 2023 from 10 - 11am

As care partners, we can find ourselves in communication snags with our loved one with dementia. Together we will untangle these challenging situations and explore new tools to help in your caregiving journey.
