

DEMENTIA CARE CHAMPION COURSES

Learn the *Positive Physical Approach™* to improve connections, relationships, and task completion.

The Champion Courses are designed to guide care partners in developing an awareness about how brain changes impact people's everyday experiences and how our approach impacts this experience. In these workshops, we explore our role as a care partner in enhancing the quality of life for someone living with dementia. By building skills specifically to meet the needs of the person we are providing cares with, we enhance the experience for us and the person living with dementia.

★ Champion 1

**Tuesday, May 14
10am-noon**

Explore the parts of the brain, understand what each part is responsible for, and practice the skills needed to successfully approach and provide care.

★ Champion 2

**Tuesday, May 21
10am-noon**

This skill building workshop focuses on Teepa Snow's HUH™ approach to care. How can we support people living with dementia to walk, eat, brush their teeth, and more.

★ Champion 3

**Tuesday, May 28
10am-noon**

Learn about Teepa Snow's GEMS™ State Model paired with skill building opportunities to shift our approach and care specific to the GEM™ State of the person living with dementia.

★ Champion 4

**Tuesday, June 4
10am-noon**

This workshop explores the importance of dynamic assessment and supports learners in identifying the GEM state of the person living with dementia.
