

FREE 3-PART SERIES

Dementia Care Series

OUR AGING BRAIN: *What is Typical? When to be Concerned?*

**Tuesday, Sep 17, 2024
From 10-11am**

What is normal and when should we be concerned? If thinking and memory problems arise, can it be something reversible? YES!

Find out more about the causes of these symptoms, what you can do to improve them, and how to know if it's something more serious.

BALANCING RISK & INDEPENDENCE *In Dementia Care*

**Tuesday, Sep 24, 2024
From 10-11am**

When should they stop driving? How do I keep them from leaving home unexpectedly? When do I need to look for a facility? These questions and more are explored as we talk about maintaining independence and evaluating risk in the day to day for people living with dementia.

THE LANGUAGE OF DEMENTIA *& Finding Success*

**Tuesday, Oct 1, 2024
From 10-11am**

As care partners, we can find ourselves in communication snags with our loved one with dementia. Together we will untangle these challenging situations and explore new tools to help in your caregiving journey.
