## **Aging Brain: What is Normal and What is Not** October 29, 1-2pm

If thinking and memory problems arise, can it be something reversible? YES! Learn about the causes, what you can do to improve, and how to **know if it's something more serious.**

## **Progression of Dementia: What Skills Remain** November 19, 1-2pm

Learn a new and improved approach to understanding dementia progression through focusing on what skills remain, as opposed to skills lost. Gain insight into what a person with memory loss experiences and **discover how to better support your loved one.**

## **The Language of Love: Become a Better Communicator** December 17, 1-2pm

As care partners, we may experience communication snags with our loved one with dementia. Together we will untangle these challenging situations and **explore new tools** to help in your caregiving journey.

**RSVP with Melisa at (920) 969-8020**
