WHAT DOES THE WORLD LOOK, SOUND, AND FEEL LIKE FOR SOMEONE LIVING WITH DEMENTIA?

This interactive presentation will help you better understand how dementia can affect the senses – and why the way we approach, communicate with, and support our loved ones matters.

Learn practical tools and techniques that can make everyday interactions more comfortable and meaningful, then practice the skills together so you can feel more confident using them in real life.

PRESENTED BY:
Sheri Fairman, Dementia Care Solutions
Sheri is a nationally recognized dementia educator and care partner advocate with more than a decade of experience supporting people living with dementia and those who care for them.

TUESDAY, DECEMBER 8TH | 2:00 PM

WHO SHOULD ATTEND:

- Family members and friends of someone living with dementia
- Care partners looking for practical tools and strategies
- Anyone who wants to better understand the dementia experience
- Those interested in building more confidence in supporting a loved one

After the presentation, stay for a tour of Caretta Bellevue, meet our team and see firsthand what makes our community a welcoming place to call home.
